

Tilden Wins and Reaches Fifth Round for Net Title

Playing Through Clay Court Champion Finishes Match in Storm; Johnston, Former National Title-holder, Hard Pressed to Gain Victory

By Fred Hawthorne

CHICAGO, July 14.—The national clay court lawn tennis championship, which got under way on Saturday, with a record total of 170 entries, continued this afternoon under the most trying weather conditions, several of the later matches being fought out between cloud bursts, bolts of lightning and high winds.

William T. Tilden, 24, of Philadelphia, the playing through champion in the singles, was one of those who finished to the accompaniment of thunderclap and lightning flash. The tall champion went through Charles L. Johnston, Jr., to the tune of 6-2, 6-2 in the fourth round, both players having to rush to the clubhouse just after the second set started because of a sudden downpour of rain.

It was still raining when they came out again, but Tilden was anxious to get through and Johnston was just as game, and so they went at it again.

Plays Meddler Game

Tilden never settled down to his best tennis, but he reeled off several of his spectacular volleys and smashing shots in the course of the match, much to the delight of the gallery, which remained glued to the net as long as the players elected to stick on the courts.

Johnston, who used to play around with success in the New York tournaments two or three years ago, gave Tilden a good battle, forcing several of the games to deuce. His driving through deep court was very good, and he occasionally went to the net to finish off the points with sharp angled volleys.

But he was up against a man who

Toledo Bout Ended In the Third Round, Fight Board Rules

The board of boxing control in an official statement issued last night, announced that but forty-seven seconds of the third rest period had elapsed in the Dempsey-Willard bout when Willard's second tossed a towel into the ring as a token of defeat. The board also decided that the bout at Toledo on July 4 ended in the third round. These decisions were made as a result of numerous inquiries received from all parts of the country.

The statement, which was signed by Adam Empe, secretary of the board, is as follows:

"A report having been widely circulated that Mr. W. Warren Barbour, timekeeper, appointed by this board for the Willard-Dempsey contest, had written to Mr. Pecord, the referee, stating that the interval of one minute between the third and fourth rounds had expired before Willard's seconds threw a towel into the ring.

"I beg to state that Mr. Barbour has written no such letter, and further, that the statement reported to be contained in the alleged letter is contrary to the fact, as only forty-seven seconds had expired in the interval referred to when the signal of defeat was given by Willard's seconds.

"The board is in no way concerned with wagers that have been made on the contest, but as a number of inquiries have been received, it has considered the question of when the contest terminated, in all its bargains, and the board has decided that it should be regarded as having ended in the third round."

U. S. Eight Favorite In Inter-Allied Regatta

PARIS, July 14.—The final events in the rowing regatta of the inter-Allied games will be held on the Seine Thursday and Friday of this week. Ten countries have crews entered—the United States, Australia, New Zealand, Canada, England, France, Belgium, Italy, Portugal and Czechoslovakia.

There will be three strong crews in the eight-oared event, from Cambridge University, England; Australia and the United States. The Americans are favorites in the four-oared event. D. C. Hadfield, of New Zealand, is considered the probable winner in the single sculls. The French, English, American, Australian, New Zealand and Canadian crews have just arrived here from the Henley regatta, where the Australians won the eight-oared race.

St. Albans Golfers Score in Team Match

Golfers of the St. Albans Golf Club for the second successive time triumphed over the Wheatley Hills aggregation in a team match on the latter's links yesterday. The St. Albans contingent scored 8 points to 7 for their opponents. In their last team match the Wheatley Hills golfers finished on the short end of an 18 to 6 point score.

The teams consisted of nine golfers. The point winners for St. Albans were Wheaton (1), Warbasse (1), Morton (3), and Murray (3). Parsons and Owen played even, while the non-scorers were Curtis, Cowherd and Dunn. The Wheatley Hills team consisted of Hayes (0), Bayne (0), Dingee (2), White (3), McMichael (2), Cameron (even), Cornelius (0), Kidd (0) and Lane (even).

Small Mares Foal Greatest Runners

WHEN Gerald L. Stead was in this country two years ago he said that his father, the noted New Zealand breeder of thoroughbreds, would not have a mare standing more than 15.2 and that his greatest successes had come from mares not over 15 hands high. The recent showing of Purchase, Panoply and Man o' War is conspicuous illustration of instances in which small mares have thrown great turf performers.

Cherryola, by Tanzmeister, the dam of Purchase, is of a long, low type. Mahubah, which threw Man o' War for Major Belmont, does not approach the average thoroughbred mare in stature, but she has given the turf a performer of gigantic proportions in Riddle's champion.

When A. J. Joyner had the Whitney string in England it included the mare Inaugural, by Voter. During one of his visits abroad the late William Collins Whitney asked his trainer what he purposed doing with "that little thing," pointing to Inaugural. Joyner's reply was, "Win races with her and then breed some good racehorses." As she brought Whitney's colors home on two occasions and then produced Flags and Panoply, she has gone a long way toward making good her former trainer's prophecy.

Carolina Wins 100-Mile Race To Block Island

Bowes Entry Takes Prize on Corrected Time in Small Sailing Yacht Class

W. H. Bowes's Carolina, of the Indian Harbor Yacht Club, won the fourteenth annual Block Island race for small sailing yachts that was held over the week-end by the New York Athletic Club. The Carolina covered the 100-mile course from the east end of Huckleberry Island to the West Harbor at Block Island in 17:01:15. As the craft was allowed 1 hour 20 minutes handicap, Carolina had a corrected time of 14:41:15.

W. H. Hoffman's Flight, one of the Bar Harbor thirty-footers, was the first yacht in the regular sailing division to finish. The craft covered the course in 16:01:15. She had an allowance of five minutes, which gave her a corrected time of 15:56:15. It placed her in third position.

The Long Island schooner Allure, the property of J. W. and E. P. Alker, which covered the course in 17:18:45, moved in second position, with a corrected time of 15:53:45.

The committee was somewhat surprised yesterday to receive word from Commodore Charles H. Sunderland, who took the times at Block Island, regarding the arrival of Allure. Although entered, the committee felt certain the yacht did not start on Saturday.

It is quite possible, however, that in the drifting match at the start Allure slipped away without being checked. Until the yachts return from "Down East" it will be impossible to solve the mystery.

On both actual and corrected time Neith, the property of Commodore R. B. Stoddard, New Rochelle Yacht Club, won in the special division of sailboats. Neith covered the course in 15:35:00. Her corrected time was 13:55:00. Daniel Bacon's Sea Farer and Feu Follet, the property of O. Karsch, had an interesting race, the former finishing second, only twenty seconds ahead of Feu Follet. On corrected time Feu Follet easily took second place.

Gardenia First at Goal

Only two of the first division power boats crossed the finish line. On both actual and corrected time H. Anderson's Gardenia was the winner. Her actual time was 11:50:00. The boat was the first to reach Block Island. Her corrected time was 11:09:05, also the best in the race.

The second division power boats were led to the finish line by Old Glory-IV, which had an actual time of 11:56:10. On corrected time Victory II, the property of Harry A. Jackson, finished first. Victory II had a corrected time of 10:25:23. On actual time she was the second boat to finish.

Kirkby Decides Not to Defend N. J. Golf Title

With "Met" Champion Out, Marston Is Favored; 140 Players Enter Tourney

Both quality and quantity are contained in the field of entries for the New Jersey State Golf Association championship tournament over the Deal links Thursday. No less than 140 players have sent in their names to E. P. Holden, Jr., the secretary, and the committee has found it necessary to start the first pair at 7:26 and other combinations thereafter, at four-minute intervals.

Even at this rate, the last pair will drive off at 12:06.

Conditions call for an eighteen-hole qualifying round in the morning, with the first match round later in the day.

Contrary to expectations, Oswald Kirkby, who recently won the metropolitan amateur championship at Brooklawn, will not compete at Deal. Kirkby won the New Jersey title in 1916, the last time the tournament was held, defeating Max R. Marston, of

Tendler Pummels Welling; Levinsky Draws With Greb

PHILADELPHIA, July 14.—More than 18,000 fans saw an all-star boxing show at Shibe Park here to-night, in which Lew Tendler, of this city, and Joe Welling, of New York, met in the feature bout. The fight was all Tendler's. The local lad hooked and jabbed his opponent at will and scored frequently in every round.

The third was the only session in which Welling held his own. Tendler's best punch was a left-hook jab, which he used to good advantage. At the end Welling was badly cut up about the face. He was saved from a knock-out by the bell.

Battling Levinsky, of New York, and Harry Greb, of Pittsburgh, slugged to a draw in the semi-final of six rounds. Joe Tiptitz, of New York, knocked out George Chaney, of Baltimore, in the third round of their fight. Eddie Moy, of Allentown, Penn., and Harry Pierce, of Brooklyn, engaged in a six-round slugfest, which Moy won on points.

Frankie Burns Defeats White

Frankie Burns, of Jersey City, outpointed James White, of Albany, in their eight round bout at the Armory A. A. in Jersey City last night. Burns jabbed and hooked at will and easily earned the decision.
